DEPUTY Attorney General Reeder has iven an opinion in regard to the disposition of funds obtained through the game laws. This opinion, which is the first given under the new game law of 1897, says that for each offense mentioned a fine is prescribed, and in default imprisonment of one day in jail for each dollar of the penalty. Onehalf of the penalty shall go to the informer, and the remainder to be paid to the treasurer of the county in which the offense was committed, the treasurer, at the end of each month, being required to forward the funds so arising to the state treasurer, to be kept by the latter as a fund separate for the use of the game commissioners.
